This is our biggest event of the year—and truly something special. I promise, you'll be glad you came. This isn't a typical concert; it's an immersive experience—an opportunity to lose yourself in the music, sing in community, and nourish your soul.

Please consider inviting friends and family to join you for what promises to be an extraordinary and uplifting evening.

Can you help a fellow congregant?

A congregant family in Sheffield is seeking a companion for a homebound spouse two afternoons a week. If you know someone who may be able to help, please share their contact information.
